

What’s Going On.....

**And they overcame him by the blood of the Lamb,
and by the word of their testimony...**

Recently the Sports and Spine Therapist pressed gently on the right side of my neck. “Does that hurt?” she asked. In pleased surprise, I answered, “Not nearly as much as it did two years ago!” At that time, a light, feather-like touch sent a lasting, excruciating pain up into the right side of my head. Since then, God has produced a gradual healing in my body, as well as greatly increased my love for and faith in Him.

I have learned to claim and speak God’s words on healing, especially through using a little booklet called, “God’s Creative Power for Healing” by Charles Capps. This powerful booklet was given to me by our own faith-filled Seasoned Saint, Mildred Betty. Blessings have also flowed through many prayers from our DWO Pastors, Elders, Prayer Ministers, Altar Workers, faith-filled friends and Dan’s and my own prayers.

Wisdom and injections by the sports and spine head doctor and therapy from a dear therapist has greatly helped. This pretty, redheaded Irish lass has a working combo of education, experience, and intuitive skill, punctuated with a delightful dry humor and, I believe, a quiet faith. Of course, she is not allowed to express her faith while on her job. However, did I mention that her name is Faith?

God has indeed used all things to work together for my good, even a recent car accident that sent me back to therapy. This time there is help at no charge to Dan and me. Even the severe pain that suddenly returned this time has more quickly subsided through prayers and therapy.

I have learned to love Him and trust Him, our beloved God and Savior, no matter what the pain level. My grateful heart is His. His healing power is working mightily in me—in my spirit, soul and even in my body. Praise You, Lord Jesus. **Jan Zanoni**
